

The *Analytics Ecosystem* Starter Program

Maximise your success with our customised advice and implementation plan

Interested in our *Analytics Ecosystem* (connected by xAPI) but not sure where to start? Worried about how you'll maximise your investment?

Our experts will answer all your questions, develop an implementation plan and ensure

The *Analytics Ecosystem* Starter Program includes:

✓ *Analytics Ecosystem* Readiness Consulting

- We'll audit what systems are currently in place as well as evaluate what data points may be needed for your LRS
- We'll help you identify the best way to solve the one or two major business needs that are keeping you up at night
- We'll help you understand what measurement points are the most important to you right now
- We'll create a plan of implementation for this phase of your solution, and create the reports you'll need to monitor results

✓ A basic LRS for FREE

- This will be the heart of your ecosystem, and will receive, store and return xAPI statements

Why choose our Starter Program?

- ✓ You'll receive a customised implementation plan – our experts will work closely with you to develop an easy to follow action plan to meet your needs
- ✓ You'll futureproof your LMS and other L&D programs – connect the ecosystem with all your systems and tools to access granular insights into training results and business impact, enabling you to build a strategy for continuous improvement
- ✓ You'll get the most out of your training budget – Analytics Ecosystem will tell you exactly what's working and what isn't so that you can adjust and adapt your training investments, and optimise learning-led business outcomes
- ✓ You'll work with the proven experts – Global Vision is the creator and leader of the global xAPI User Group. Our team has spent thousands of hours helping organisations just like yours implement the Ecosystem and get the most out of it
